## OBSERVE FLAG DAY

TRAIL BLAZED WITH FLAGS A FEATURE OF DAY BY D. A. R.

## ON SATURDAY, JUNE 13

As Date Falls on Sunday, June 14, the Maryville Chapter Will Celebrate on Day Previous.

A trail blazed with flags, from the city to the country home of Mrs. J. V. Embree, will be one of the features of the Flag Day observance by the Maryville Chapter of the Daughters of the Revolution.

On account of the date falling on Sunday, June 14, the Chapter will hold its celebration the Saturday preceding. Flag Day is one of the most important anniversaries in the D. A. R. calendar and this year, which is the second to be commemorated, unusual interest will be given to the occasion. The Maryville Chapter now has 33 members and they expect in the coming year to do many things which come under educational and patriotic needs.

A flag for the court house, the Missouri statute regarding the desecration of the flag to be printed and hung in the schools, patriotic literature to be placed in the library and an added interest in all patriotic anniversaries are a few of the things the Maryville chapter is hoping to do.

The welfare of women and children is one of the greatest works in which the Daughters of Missouri have recently been accomplishing good. The caring for destitute children, the providing of clothes and books for children so they could go to school and the aiding of many destitute old women in cities and towns all over the state has been done in large measure. For educational purposes alone the Missouri chapters spent \$3255.45 last year.

The Maryville chapter was organized in October 1912 and is yet too new to put many of its plans into execution. During last winter, the Ten Commandments were framed and hung in the public schools which was the first step made toward the child welfare movement.

The meeting on June 13 will be of great interest and some important topics are to be brought up for reading and discussion.

### School Picnics.

To celebrate the coming vacation and to give a farewell to school work, Miss Mary Ford, teacher of the eighth grade in the Central school and Miss Ada Albert, principal of the Jefferson ward school, entertained their pupils with a picnic Thursday evening. The students of Miss Ford held their picnic in Wilson's grove near the city and the ward pupils at the Normal park.

### Alexanders in San Diego.

Mr. and Mrs. Curtis Alexander, of San Luis Potosi, Mexico, are now at San Diego, Cal., with Mrs. Alexander's parents, Mr. and Mrs. S. R. Beech, who left Maryville about six weeks ago. The Alexanders experienced considerable difficulty in getting out of Mexico and since their arrival in San Diego Mrs. Alexander has been very ill but at present is slightly improved.

### Prof. Beasley Arrives.

Prof. G. H. Beasley, of Trenton, arrived in Maryville Wednesday night to take up his work as one of the instructors of mathematics in the summer term of the Normal. Mrs. Beasley, daughter, Edna, and sons, Wilford and Hamilton, accompanied him to Maryville.

### Dr. Thompson Selected.

By a unanimous vote of the board of managers of State Hospital No. 2 on Thursday, Dr. George R. Thompson was selected as superintendent of that institution to succeed Dr. A. C. Pettijohn. Dr. Thompson was elected for a term of two years.

### Parnell to Celebrate.

Parnell will celebrate the Fourth of July and a general committee consisting of J. L. LaFavor, L. C. Gooden, W. N. Morgan, W. E. Tinney and George L. Felton were elected to have general supervision over the celebration.

Among the young ladies from Albany and vicinity who are attending the summer term of the Normal are Misses Ella Smith, Minnie Wilson, Gaynel Wayman, Maude Jones, Etta and Margaret Elliott.

Mr. and Mrs. E. J. Gingrich, of near Maryville, and their son, Earl, left Wednesday night for Chicago, where the boy will be treated by a specialist.

## IS A SENATORIAL CANDIDATE

John M. Dawson, of Kahokia, Opposes Stone and Wallace for Nomination

John M. Dawson, of Kahokia, Clark county, filed declaration of his candidacy for the Democratic nomination for United States senator, Wednesday. His platform states that he stands squarely upon the national and state Democratic policies.

"I favor special consideration for good roads and reclamation of the overflowed lands in Missouri," he says.

"I am against long tenure in office and I believe that public office is a public trust and that office belongs to no one man."

"I believe that the whole people should have a voice in saying who shall be intrusted with public affairs. At an early date I shall make more extended declarations along the lines of how I shall stand on issues generally if elected."

This makes three candidates for United States senator on the Democratic ticket for the state primary—Senator William J. Stone and William H. Wallace being the others.

### Twin Daughters Dead.

## TO BE APPOINTED

MAYOR WRIGHT TO AGAIN SELECT VILES AND PARTRIDGE

## AT COUNCIL MEETING

But Council Will Probably Not Confirm Them—Charles Jackson for Street Commissioner.

At the meeting of the city council to be held this evening, being the regular monthly meeting, Mayor U. S. Wright will again re-appoint Steve Viles for night policeman and Frank Partridge for street commissioner and if the appointments are not confirmed by the council, they will hold over for another month. The council will probably not confirm these men according to what one member said today.

For street sweeper, Shube Woodard, who was appointed for one month, is not an applicant again. Mayor Wright is going to appoint Charles Jackson. It is understood that the council will not confirm this appointment, either as Jackson has been in the city a short time.

Mayor Wright is well pleased with the work of both Viles and Partridge for the past month.

At the meeting tonight, the tax levy for the next year will be made and it will probably be seven and a half mills instead of seven mills as it was the past year. Other routine business will be taken up by the council.

### The Hopkins Funeral.

Funeral services for A. C. Hopkins, who died Wednesday evening, were held this afternoon at 3 o'clock at the First Christian church, Rev. Robert L. Finch, pastor, conducting the services. A quartette composed of Mrs. F. P. Robinson, Mrs. J. D. Richey, H. J. Becker and W. E. Goforth gave a selection. The pall bearers were Geo. L. Waffey, J. H. Saylor, W. W. Glass, J. D. Frank, A. L. Nash and W. C. Frank. Burial took place at the Oak Hill cemetery.

Mr. Hopkins was not a member of Sedgwick post, G. A. R., as stated in Thursday's paper. He was in the civil war.

John Jackson, of Clyde, spent the day Friday in Maryville on business.

## THREE FILE TODAY

P. L. GROWNEY FOR PROSECUTING ATTORNEY

## TWO WOMEN IN RACE

On the Progressive Ticket, Mrs. Lula Robinson County Clerk, Miss Jesse Parcher, Recorder.

Three candidates filed today with County Clerk George W. Demott for the August primary. They are:

Mrs. Lula M. Robinson, wife of A. R. Robinson, for the office of county clerk on the Progressive ticket.

P. L. Growney as a candidate for Prosecuting Attorney on the Republican ticket.

L. S. Mendenhall as a candidate for Circuit Clerk on the Republican ticket.

Today, being the last day of filing, it is practically certain that the Republican ticket will have one vacancy, which will probably be filled by their county committee. That place is representative and an effort has been made for the past few days by Republican leaders here to induce some one to make the race. The Progressive party has a candidate for each office and the Democratic party ticket is complete with more than one contesting for some of the offices.

At a late hour today it was reported that Dwight Davis of Hughes township would file as a candidate for county judge of the South district on the Democratic ticket.

## ELITE MANDOLIN ORCHESTRA

Gave Fine Program at the First Baptist Church Thursday Evening

The Elite Mandolin Orchestra, under the direction of Miss Alma Nash, gave a concert Thursday evening at the First Baptist Church that was attended by a fair sized crowd. The program was unusually good and very much liked by every one. On account of the numerous attractions for Thursday night the crowd was not as large as should have been. The orchestra has eighteen members and the numbers were varied, including solos, duos, and concert pieces.

Al A. Thummel, of Parnell, came to Maryville Friday to visit his daughter, Mrs. Frank Reavis.

## Rooster Day June 6.

Next Saturday has been named the day to "swat the rooster." T. E. Quisenberry, director of the Missouri State Poultry Experiment Station, is sending out 100,000 "swat the rooster" circulars and the day is being given considerable notice by the press over the state. In a letter to a local poultry and egg buyer, Mr. Quisenberry says that millions of dollars worth of eggs are spoiled each summer by allowing useless male birds to run with laying hens. He requests every dealer in eggs in Missouri to urge the farmers to market all surplus males on Saturday, June 6. It has been proven times without number that an infertile egg will keep much longer than a fertile one and with the making of new laws dealing with "spoiled" eggs the slogan to "swat the rooster" may become a very popular one within a short time.

## HAVE PRETTY HAIR

Thick, Soft, Fluffy and no Dandruff—  
Use Parisian Sage.

If your hair is losing its natural color, coming out and splitting, or lacks that enviable softness, gloss and beauty, do not despair—pretty hair is largely a matter of care. If it is too thin make it grow. If it is harsh and brittle soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian sage—all dandruff disappears, falling hair and itching head cease, your hair is doubly beautiful.

Parisian Sage, sold by T. J. Parle and at all drug counters, is just what you need—a large bottle costs but 50 cents. It surely makes the hair lustrous and seem twice as abundant. You cannot be disappointed in Parisian Sage.

### Joys.

You needn't be rich to be happy.  
You needn't be famous to smile;  
There are joys for the poorest of toilers.

If only he'll think them worth while.  
There are blue skies and sunshine aplenty.

And blossoms for all to behold;  
And always the bright days outnumber  
The dark and the cheerless and cold.

Sweet sleep is not the gift of the wealthy,  
And love's not alone for the great;  
For men to grow old and successful

It isn't joy's custom to wait.  
The poorest of toilers has blessings  
His richer companions may crave;

And many a man who has riches  
Goes sorrowing to the grave.  
You'll never be happy tomorrow

If you are not happy today;  
If you're missing the joys that are present  
And sighing for joys far away.

The rose will not bloom any fairer  
In the glorious years that may be;  
Great riches won't sweeten its fragrance

Nor help you its beauties to see.  
To-day is the time to make merry,  
'Tis folly for fortune to wait;

You'll not find the skies any bluer  
If you ever come to be great.  
You'll not find your joys any brighter,

No matter what fortune you win;  
Make the most of life's sunshine this minute,  
To-morrow's too late to begin.

Edgar A. Guest, in Detroit Free Press

### New Houses and Health.

New houses are constantly offered for rent in large numbers in the United States and real estate agents are naturally anxious to fill their lists with tenants as soon as possible. Probably a little investigation would show the desirability in this country of requiring a certificate that a new house will not endanger the health of its occupants before families are allowed to move into it. Such municipal regulations are proving valuable in England. Toward the close of 1912 the Portsmouth (England) corporation decided that thereafter no new building intended for human habitation in that borough should be occupied until it had been certified as sanitary in every respect. Dr. A. Mearns Fraser says: "The principal evil that it will prevent is the occupation of houses before they have had time to dry." He adds: "I would far sooner live in a house with defective drainage than in a damp house; the results from the latter are more insidious in their onset and more difficult to overcome. Dampness undoubtedly greatly favors the incidence of consumption, bronchitis, rheumatism, heart-disease and diphtheria. Probably children are more susceptible to the ill effects of damp houses than adults." The departments of health of our cities might well take up this question, says the Journal of the American Medical Association. Probably most American municipalities already have the legal power necessary to require such certificates and the question is only one of making the regulation and establishing the custom.

## BLONDE'S NAME GIVEN BY SCHUMANN-HEINK

Chicago, June 5.—Mme. Ernestine Schumann-Heink unfolded the story of her domestic woes before a jury in her suit for divorce from William Rapp, Jr., of New York. Mr. Rapp, she said, had been very friendly to "a blonde lady in New York," whom she subsequently named as Mrs. Catherine Dean.

Two depositions were read, one from Mrs. Julia Williams, a maid formerly employed by Mrs. Dean, and one from a New York detective, who told of numerous visits to a Fifth avenue restaurant by Mrs. Dean and Rapp. According to his deposition, the detective followed Rapp many nights from his office to places where he met Mrs. Dean.

The deposition of Mrs. Williams was to the effect that Rapp had lived at the apartment of Mrs. Dean for several months in 1913. In the cross-examination Mme. Schumann-Heink frequently expostulated with her husband's attorney.

"Let me say what I wish," she begged. "I do not mean to say the wrong thing."

Rapp had charged in his cross bill that his wife had been too friendly with other men. She denied all such accusations.

### FREAK WEATHER PREVAILS

Various Kinds the Rule All Over the Country.

Chicago, June 5.—Freak weather conditions extended from Pennsylvania to the Pacific coast.

Oregon reported hail, snow and heavy winds that gave the state the appearance of December, rather than June, while St. Louis was suffering the hottest day of the year, street thermometers there registering more than 100 degrees. Schools were dismissed because of the intense heat.

At Somerset, Pa., two persons are reported dead and a dozen injured and a number of buildings destroyed by a terrific storm of wind, rain and lightning.

At Green Bay, Wis., scores of families were driven from their homes as a result of an electrical storm that later struck Chicago, which was accompanied by a heavy rainfall.

Missouri, Kansas and Oklahoma report a heat wave accompanied by the highest temperatures of the year. Many prostrations are reported from these states. In Kansas City schools were dismissed because of the heat. Weather bureau officials here say no relief is in sight.

### UNWELCOME GUEST AT COURT

Suffragette Gains Admission to Reception Given by King.

London, June 5.—The king and queen held court at Buckingham palace and in spite of all precautions, a militant suffragette gained access to their presence and caused an interruption of the presentations. As she was passing the king, she dropped on her knees and shouted:

"Your majesty, for God's sake, don't use force."

The woman was attired in court dress and her action caused profound astonishment. She continued to admonish the king, but her words were inaudible. The conductor of the band in the gallery signalled to the band to play louder, and the woman's voice was drowned. She was removed and handed over to the police.

### Rebels Take Towns in Vera Cruz.

Durango, Mex., June 5.—The towns of Tantima and Tantoyuca, in the state of Vera Cruz, have been captured by a force under General Aguilar, newly named governor of that state, according to a message received by General Carranza.

## RESOLUTE WINS IN THIRD TRIAL

Rye, N. Y., June 5.—The yacht Resolute won the trial race against Alexander Cochran's cup defense candidate, the sloop Vanitie, when the latter boat lost two members of its crew overboard and was forced to retire from the contest.

One of the seamen was rescued by a press boat and the other was taken in by the Vanitie, but not until the yacht had dropped hopelessly behind the Resolute. With its rival out of the race the Resolute finished alone.

Ill luck met the Vanitie after it had covered less than four miles of the race and before the boats had rounded the first mark to windward. As it tacked into a strong wind its deck was at a sharp angle and two of the men on board, half blinded by rain and spray, and hampered by oilskins, slipped over the side. The sound was covered with whitecaps and in order to save the men's lives, the Vanitie heeled to. Life belts were thrown to the struggling sailors and it was some time before one of them could be dragged on board. A press boat in the meantime picked up the other.

In the meantime the Resolute had an easy run to its first mark. The mishap to the Vanitie occurred in the lee of the Long Island shore. Though the Vanitie was in the lead at the time the Resolute was fast overhauling her. The official time of the Resolute if the finish was 1:55:30.

## WARRANTS FOR 36 PLUMBERS

Officials in National and State Associations Indicted.

### TRADE RESTRAINT IS ALLEGED

Judge McPherson Orders Accused Men Taken Into Custody—True Bill Says Combination Exists Between Manufacturers and Dealers.

Des Moines, June 5.—Thirty-six officials and members of the National Association of Master Plumbers and officials of state organizations in Illinois, Wisconsin, Michigan, Minnesota, Missouri, Nebraska and Iowa were indicted by the federal grand jury here. The indictments charge conspiracy in restraint of trade in violation of the Sherman anti-trust law.

It is specifically alleged that the National Association of Master Plumbers has been operating in violation of law ever since their organization in 1884.

Those indicted include: W. J. Hilliard of Elmhurst, Ill.; Frank U. Patterson of Springfield, Ill.; and E. D. Hornbrook, directors of the national association; Joseph Bixby of Omaha, national state vice president; George Wentz of Lincoln, Neb., national state vice president, and J. B. Coningham of Omaha, secretary state association.

Officials residing in Iowa among the indicted are: Robert Knauer of Des Moines, state vice president; James A. Wallace of Des Moines, Charles G. Bosch of Burlington, director national association; R. E. Knauer of Boone, organizer Iowa association; Fred Kubas of Cedar Rapids, Louis Smid of Cedar Rapids, Ambrose Clayton of Davenport, Richard Mullen of Dubuque, H. B. McGarten of Dubuque, former president Iowa association, J. O. McConnell of Iowa City, E. F. Hawk and W. C. McGarten of Marshalltown, John Garvey and Thomas J. Daley of Mason City, William Scott of Oelwein, national state vice president; Hugo W. Kuyper of Pella, J. V. Logan and John F. Gearson of Sioux City, Ralph A. Ellis of Waterloo, former director national association; John R. King of Keokuk, former president Iowa association.

Judge Smith McPherson ordered that warrants for the arrest of the indicted men be issued. These will be served as rapidly as possible.

#### Attempt at Monopoly Alleged.

The indictment is in blanket form and among other things recites that "the object of the national, state and local Master Plumbers' associations has been to secure to the members all of the business of the United States growing out of the furnishing and installing of plumbing supplies and this to the absolute exclusion of all others engaging in or endeavoring to carry on such business."

The basis for the monopoly of the plumbing business charged by the government was what is known as the "Baltimore resolution," adopted at the national convention of master plumbers in 1884, according to B. F. Welty, special assistant to the attorney general, who has been assisting Claude R. Porter, district attorney, in the investigation before the grand jury.

This resolution provided an agreement between members of the plumbers' association and supply house men to confine sales to persons legitimately engaged in business, or master plumbers. Another resolution adopted at New Orleans in 1903, Mr. Welty said, defined a master plumber as a member of the association.

Only the middle west is represented in the present investigation, but it is the plan to extend the inquiry to all parts of the country.

### TWO OFFICERS DROWNED

Big Seaplane Plunges Into Ocean During Maneuvers at Portsmouth.

Portsmouth, Eng., June 5.—Commander Rice and Lieutenant Thomas S. Creswell were drowned when a seaplane, in which they were making a flight over Southampton water, suddenly plunged into the sea. The seaplane was engaged, with several other aircraft, in maneuvering.

A torpedo boat rushed to the spot and recovered Creswell's body, which was strapped to the seat, but the body of Commander Rice was not found.

The seaplane was one of the largest in the naval service and was of the latest model. It had a wing span of sixty-three feet, carried a 200 horsepower engine and was equipped with wireless. The condition of the machine indicated that the accident was due to an explosion, attributed to the ignition of escaping petrol fumes by a spark from the wireless apparatus.

## PRESIDENT IS ORATOR OF DAY

Speaks at Dedication of Monument to Confederate Dead.

### CROWDS GATHER IN THE RAIN

Flags of the Old South and the Stars and Stripes Are Draped Over Shaft and Speakers' Stand at Arlington National Cemetery.

Washington, June 5.—A terrific thunderstorm broke over Arlington National cemetery while President Wilson was addressing a crowd gathered for the unveiling of the monument erected there to the Confederate dead.

Mrs. Daisy McLaurin Stevens, president general of the United Daughters of the Confederacy, made the address presenting the monument to the president on behalf of the women of the confederacy. Tumultuous applause greeted her when she said:

"Yours, Mr. President, was Jefferson's spirit when at Mobile you said the United States had no interest in Mexico, or any other foreign lands, except to see that the citizens enjoyed the right to the purposes of happiness under a constitutional and just government."

The president acknowledged the tribute with smiling approval.

President Wilson was introduced and was given an enthusiastic reception. He said:

#### President Wilson Talks.

"I assure you that I am profoundly aware of the solemn significance of the thing that has now taken place. The Daughters of the Confederacy have presented a memorial of their dead to the government of the United States. I hope that you have noted the history of the conception of this idea. It was proposed by a president of the United States, who had himself been a distinguished officer in the Union army. It was authorized by an act of congress of the United States. The cornerstone of the monument was laid by a president of the United States, elevated to his position by the votes of the party which had chiefly prided itself upon sustaining the war for the union. And now it has fallen to my lot to accept in the name of the great government, which I am privileged for the time to represent, this emblem of a reunited people."

#### Chapter in History Closed.

"This chapter in the history of the United States is now closed and I can bid you turn with me your faces to the future, quickened by the memories of the past, but with nothing to do with the contests of the past, knowing as we have shed our blood upon opposite sides, we now face and admire one another."

"The generosity of our judgment was made up soon after this great struggle was over, when men came and sat together again in the congress and united in all the efforts of peace and of government; and our solemn duty is to see that each one of us is in his own consciousness and in his own conduct, a replica of this great reunited people. It is our duty and our privilege to be like the country we represent, and speaking no word of malice, no word of criticism even, standing shoulder to shoulder to lift the burdens of mankind in the future and show the paths of freedom to all the world."

The dominant figure of the monument is a woman of heroic size, typifying the south in policy, surmounting a relief upon which there are thirty-two figures depicting the heroism of the south in war. It was dedicated to all heroes of the confederacy. Flags of the confederacy and the Stars and Stripes were draped together over the monument and decorated the speakers' stand.

### MORTON'S LIFE AROUSED

Accused of Attacking Reporter and Wrecking Automobile.

Chicago, June 5.—Mark Morton, his life aroused by the publicity given a prankish trip of his daughter, Helen, to Virginia, was accused of attacking a newspaper reporter, binding his hands and then wrecking an automobile, containing his prisoner, against a fence post.

The reporter declared that he would sue the millionaire for damages, and also lodge a charge of assault against him. The attack is said to have been caused by an attempt to gain an interview, in which Mr. Morton charged the reporter with trespass.

After her trip to Virginia Miss Helen Morton was quoted as saying that Chicago men were "nit wits" and that she fled, not to be married, but to associate for a time with real men and enjoy herself in her favorite pastime—the training and riding of horses. She returned to Chicago this week "under an armistice," she said.

#### McGovern and Morris in Race.

Madison, Wis., June 5.—Governor Francis E. McGovern made formal announcement of his candidacy for the Republican nomination for United States senator. The other candidate for the nomination is Thomas Morris of LaCrosse, lieutenant governor. Both are running as Progressives, but Morris belongs to the La Follette branch of the Progressive party, while McGovern belongs to the Roosevelt side

## That First Dollar

Many people do not realize the significance of small beginnings. The first dollar must be saved or there will never be a fortune. Saving Money is simply a process of GROWTH. If you form the habit, an independent fortune will grow out of your small beginnings just as sure as the giant tree grows from the sapling. Everybody can save a little at a time. Financial success is simply a matter of sticking to your saving plan—making your character stronger than any temptation to spend. Open a Savings Account TOMORROW—you will never regret it.

MARYVILLE, MISSOURI, FRIDAY, JUNE 5, 1914.

NO. 2.

## OBSERVE FLAG DAY

TRAIL BLAZED WITH FLAGS A FEATURE OF DAY BY D. A. R.

## ON SATURDAY, JUNE 13

As Date Falls on Sunday, June 14, the Maryville Chapter Will Celebrate on Day Previous.

A trail blazed with flags, from the city to the country home of Mrs. J. V. Embree, will be one of the features of the Flag Day observance by the Maryville Chapter of the Daughters of the Revolution.

On account of the date falling on Sunday, June 14, the Chapter will hold its celebration the Saturday preceding. Flag Day is one of the most important anniversaries in the D. A. R. calendar and this year, which is the second to be commemorated, unusual interest will be given to the occasion. The Maryville Chapter now has 33 members and they expect in the coming year to do many things which come under educational and patriotic needs.

A flag for the court house, the Missouri statute regarding the desecration of the flag to be printed and hung in the schools, patriotic literature to be placed in the library and an added interest in all patriotic anniversaries are a few of the things the Maryville chapter is hoping to do.

The welfare of women and children is one of the greatest works in which the Daughters of Missouri have recently been accomplishing good. The caring for destitute children, the providing of clothes and books for children so they could go to school and the aiding of many destitute old women in cities and towns all over the state has been done in large measure. For educational purposes alone the Missouri chapters spent \$3355.45 last year.

The Maryville chapter was organized in October 1912 and is yet too new to put many of its plans into execution. During last winter, the Ten Commandments were framed and hung in the public schools which was the first step made toward the child welfare movement.

The meeting on June 13 will be of great interest and some important topics are to be brought up for reading and discussion.

### School Picnics.

To celebrate the coming vacation and to give a farewell to school work, Miss Mary Ford, teacher of the eighth grade in the Central school and Miss Ada Albert, principal of the Jefferson ward school, entertained their pupils with a picnic Thursday evening. The students of Miss Ford held their picnic in Wilson's grove near the city and the ward pupils at the Normal park.

### Alexanders in San Diego.

Mr. and Mrs. Curtis Alexander, of San Luis Potosi, Mexico, are now at San Diego, Cal., with Mrs. Alexander's parents, Mr. and Mrs. S. R. Beech, who left Maryville about six weeks ago. The Alexanders experienced considerable difficulty in getting out of Mexico and since their arrival in San Diego Mrs. Alexander has been very ill but at present is slightly improved.

### Prof. Beasley Arrives.

Prof. G. H. Beasley, of Trenton, arrived in Maryville Wednesday night to take up his work as one of the instructors of mathematics in the summer term of the Normal. Mrs. Beasley, daughter, Edna, and sons, Wilford and Hamilton, accompanied him to Maryville.

### Dr. Thompson Selected.

By a unanimous vote of the board of managers of State Hospital No. 2 on Thursday, Dr. George R. Thompson was selected as superintendent of that institution to succeed Dr. A. C. Pettit-John. Dr. Thompson was elected for a term of two years.

### Parnell to Celebrate.

Parnell will celebrate the Fourth of July and a general committee consisting of J. L. LaFavor, L. C. Gooden, W. N. Morgan, W. E. Tinney and George L. Felton were elected to have general supervision over the celebration.

Among the young ladies from Albany and vicinity who are attending the summer term of the Normal are Misses Ella Smith, Minnie Wilson, Gaynel Wayman, Maude Jones, Etta and Margaret Elliott.

Mr. and Mrs. E. J. Gingrich, of near Maryville, and their son, Earl, left Wednesday night for Chicago, where the boy will be treated by a specialist.

## IS A SENATORIAL CANDIDATE

John M. Dawson, of Kahokia, Opposes Stone and Wallace for Nomination

John M. Dawson, of Kahokia, Clark county, filed declaration of his candidacy for the Democratic nomination for United States senator, Wednesday.

His platform states that he stands squarely upon the national and state Democratic policies.

"I favor special consideration for good roads and reclamation of the overflowed lands in Missouri," he says. "I am against long tenure in office and I believe that public office is a public trust and that office belongs to no one man."

"I believe that the whole people should have a voice in saying who shall be entrusted with public affairs. At an early date I shall make mere extended declarations along the lines of how I shall stand on issues generally if elected."

This makes three candidates for United States senator on the Democratic ticket for the state primary—Senator William J. Stone and William H. Wallace being the others.

## TO BE APPOINTED

MAYOR WRIGHT TO AGAIN SELECT VILES AND PARTRIDGE

## AT COUNCIL MEETING

But Council Will Probably Not Confirm Them—Charles Jackson for Street Commissioner.

At the meeting of the city council to be held this evening, being the regular monthly meeting, Mayor U. S. Wright will again re-appoint Steve Viles for night policeman and Frank Partridge for street commissioner and if the appointments are not confirmed by the council, they will hold over for another month. The council will probably not confirm these men according to what one member said today.

For street sweeper, Shube Woodard, who was appointed for one month, is not an applicant again. Mayor Wright is going to appoint Charles Jackson. It is understood that the council will not confirm this appointment, either, as Jackson has been in the city a short time.

Mayor Wright is well pleased with the work of both Viles and Partridge for the past month.

At the meeting tonight, the tax levy for the next year will be made and it will probably be seven and a half mills instead of seven mills as it was the past year. Other routine business will be taken up by the council.

## The Hopkins Funeral.

Funeral services for A. C. Hopkins, who died Wednesday evening, were held this afternoon at 3 o'clock at the First Christian church, Rev. Robert L. Finch, pastor, conducting the services. A quartette composed of Mrs. F. P. Robinson, Mrs. J. D. Richey, H. J. Becker and W. E. Goforth gave a selection. The pall bearers were Geo. L. Whitley, J. H. Saylor, W. W. Glass, J. D. Frank, A. L. Nash and W. C. Frank. Burial took place at the Oak Hill cemetery.

Mr. Hopkins was not a member of Sedgwick post, G. A. R., as stated in Thursday's paper. He was in the civil war.

John Jackson, of Clyde, spent the day Friday in Maryville on business.

## THREE FILE TODAY

P. L. GROWNEY FOR PROSECUTING ATTORNEY

## TWO WOMEN IN RACE

On the Progressive Ticket, Mrs. Lula Robinson County Clerk, Miss Jesse Parcher, Recorder.

Three candidates filed today with County Clerk George W. Demott for the August primary. They are:

Mrs. Lula M. Robinson, wife of A. R. Robinson, for the office of county clerk on the Progressive ticket.

P. L. Growney as a candidate for Prosecuting Attorney on the Republican ticket.

L. S. Mendenhall as a candidate for Circuit Clerk on the Republican ticket.

Today, being the last day of filing, it is practically certain that the Republican ticket will have one vacancy, which will probably be filled by their county committee. That place is representative and an effort has been made for the past few days by Republican leaders here to induce some one to make the race. The Progressive party has a candidate for each office and the Democratic party ticket is complete with more than one contesting for some of the offices.

At a late hour today it was reported that Dwight Davis of Hughes township would file as a candidate for county judge of the South district on the Democratic ticket.

## ELITE MANDOLIN ORCHESTRA

Gave Fine Program at the First Baptist Church Thursday Evening

The Elite Mandolin Orchestra, under the direction of Miss Alma Nash, gave a concert Thursday evening at the First Baptist Church that was attended by a fair sized crowd. The program was unusually good and very much liked by every one. On account of the numerous attractions for Thursday night the crowd was not as large as should have been. The orchestra has eighteen members and the numbers were varied, including solos, duos, and concert pieces.

Al A. Thummel, of Parnell, came to Maryville Friday to visit his daughter, Mrs. Frank Reavis.

## Rooster Day June 6.

Next Saturday has been named the day to "swat the rooster." T. E. Quisenberry, director of the Missouri State Poultry Experiment Station, is sending out 100,000 "swat the rooster" circulars and the day is being given considerable notice by the press over the state. In a letter to a local poultry and egg buyer, Mr. Quisenberry says that millions of dollars worth of eggs are spoiled each summer by allowing useless male birds to run with laying hens. He requests every dealer in eggs in Missouri to urge the farmers to market all surplus males on Saturday, June 6. It has been proven times without number that an infertile egg will keep much longer than a fertile one and with the making of new laws dealing with "spoiled" eggs the slogan to "swat the rooster" may become a very popular one within a short time.

## HAVE PRETTY HAIR

Thick, Soft, Fluffy and no Dandruff—  
Use Parisian Sage.

If your hair is losing its natural color, coming out and splitting, or lacks that enviable softness, gloss and beauty, do not despair—pretty hair is largely a matter of care. If it is too thin make it grow. If it is harsh and brittle soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian sage—all dandruff disappears, falling hair and itching head cease, your hair is doubly beautiful.

Parisian Sage, sold by T. J. Parle and at all drug counters, is just what you need—a large bottle costs but 50 cents. It surely makes the hair lustrous and seem twice as abundant. You cannot be disappointed in Parisian Sage.

### Joys.

You needn't be rich to be happy,  
You needn't be famous to smile;  
There are joys for the poorest of toilers

If only he'll think them worth while.  
There are blue skies and sunshine aplenty,

And blossoms for all to behold;  
And always the bright days outnumber  
The dark and the cheerless and cold.

Sweet sleep is not the gift of the wealthy,  
And love's not alone for the great;

For men to grow old and successful  
It isn't joy's custom to wait.  
The poorest of toilers has blessings

His richer companions may crave;  
And many a man who has riches  
Goes sorrowing to the grave.

You'll never be happy tomorrow  
If you are not happy today;  
If you're missing the joys that are present

And sighing for joys far away.  
The rose will not bloom any fairer  
In the glorious years that may be;

Great riches won't sweeten its fragrance  
Nor help you its beauties to see.  
To-day is the time to make merry,

'Tis folly for fortune to wait;  
You'll not find the skies any bluer  
If you ever come to be great.

You'll not find your joys any brighter,  
No matter what fortune you win;  
Make the most of life's sunshine this minute,

To-morrow's too late to begin.  
—Edgar A. Guest, in Detroit Free Press

The Elks club was the scene of a fashionable gathering Thursday afternoon when Mrs. Frank Barmann, Mrs. Augustus Romasser, Mrs. Le Grand Gann, Mrs. Arthur Allen Leet and Miss Barmann entertained a large number of friends at cards and dominoes. ## New Houses and Health.

New houses are constantly offered for rent in large numbers in the United States and real estate agents are naturally anxious to fill their lists with tenants as soon as possible. Probably a little investigation would show the desirability in this country of requiring a certificate that a new house will not endanger the health of its occupants before families are allowed to move into it. Such municipal regulations are proving valuable in England. Toward the close of 1912 the Portsmouth (England) corporation decided that thereafter no new building intended for human habitation in that borough should be occupied until it had been certified as sanitary in every respect. Dr. A. Mearns Fraser says: "The principal evil that it will prevent is the occupation of houses before they have had time to dry." He adds: "I would far sooner live in a house with defective drainage than in a damp house; the results from the latter are more insidious in their onset and more difficult to overcome. Dampness undoubtedly greatly favors the incidence of consumption, bronchitis, rheumatism, heart-disease and diphtheria. Probably children are more susceptible to the ill effects of damp houses than adults." The departments of health of our cities might well take up this question, says the Journal of the American Medical Association. Probably most American municipalities already have the legal power necessary to require such certificates and the question is only one of making the regulation and establishing the custom.

## BLONDE'S NAME GIVEN BY SCHUMANN-HEINK

Chicago, June 5.—Mme. Ernestine Schumann-Heink unfolded the story of her domestic woes before a jury in her suit for divorce from William Rapp, Jr., of New York. Mr. Rapp, she said, had been very friendly to "a blonde lady in New York," whom she subsequently named as Mrs. Catherine Dean.

Two depositions were read, one from Mrs. Julia Williams, a maid formerly employed by Mrs. Dean, and one from a New York detective, who told of numerous visits to a Fifth avenue restaurant by Mrs. Dean and Rapp. According to his deposition, the detective followed Rapp many nights from his office to places where he met Mrs. Dean.

The deposition of Mrs. Williams was to the effect that Rapp had lived at the apartment of Mrs. Dean for several months in 1913. In the cross-examination Mme. Schumann-Heink frequently expostulated with re husband's attorney.

"Let me say what I wish," she begged. "I do not mean to say the wrong thing."

Rapp had charged in his cross bill that his wife had been too friendly with other men. She denied all such accusations.

## FREAK WEATHER PREVAILS

Various Kinds the Rule All Over the Country.

Chicago, June 5.—Freak weather conditions extended from Pennsylvania to the Pacific coast.

Oregon reported hail, snow and heavy winds that gave the state the appearance of December, rather than June, while St. Louis was suffering the hottest day of the year, street thermometers there registering more than 100 degrees. Schools were dismissed because of the intense heat.

At Somerset, Pa., two persons are reported dead and a dozen injured and a number of buildings destroyed by a terrific storm of wind, rain and lightning.

At Green Bay, Wis., scores of families were driven from their homes as a result of an electrical storm that later struck Chicago, which was accompanied by a heavy rainfall.

Missouri, Kansas and Oklahoma report a heat wave accompanied by the highest temperatures of the year. Many prostrations are reported from these states. In Kansas City schools were dismissed because of the heat. Weather bureau officials here say no relief is in sight.

## UNWELCOME GUEST AT COURT

Suffragette Gains Admission to Reception Given by King.

London, June 5.—The king and queen held court at Buckingham palace and in spite of all precautions, a militant suffragette gained access to their presence and caused an interruption of the presentations. As she was passing the king she dropped on her knees and shouted:

"Your majesty, for God's sake, don't use force."

The woman was attired in court dress and her action caused profound astonishment. She continued to admonish the king, but her words were inaudible. The conductor of the band in the gallery signalled to the band to play louder, and the woman's voice was drowned. She was removed and handed over to the police.

## RESOLUTE WINS IN THIRD TRIAL

Rye, N. Y., June 5.—The yacht Resolute won the trial race against Alexander Cochran's cup defense candidate, the sloop Vanitie, when the latter boat lost two members of its crew overboard and was forced to retire from the contest.

One of the seamen was rescued by a press boat and the other was taken in by the Vanitie, but not until the yacht had dropped hopelessly behind the Resolute. With its rival out of the race the Resolute finished alone.

Ill luck met the Vanitie after it had covered less than four miles of the race and before the boats had rounded the first mark to windward. As it tacked into a strong wind its deck was at a sharp angle and two of the men on board, half blinded by rain and spray, and hampered by oilskins, slipped over the side. The sound was covered with whitecaps and in order to save the men's lives, the Vanitie hove to. Life belts were thrown to the struggling sailors and it was some time before one of them could be dragged on board. A press boat in the meantime picked up the other.

In the meantime the Resolute, in an easy run to its first mark. The mishap to the Vanitie occurred in the lee of the Long Island shore. Though the Vanitie was in the lead at the time the Resolute was fast overhauling her. The official time of the Resolute in the finish was 1:55:20.

## WARRANTS FOR 36 PLUMBERS

Officials in National and State Associations Indicted.

### TRADE RESTRAINT IS ALLEGED

Judge McPherson Orders Accused Men Taken Into Custody—True Bill Says Combination Exists Between Manufacturers and Dealers.

Des Moines, June 5.—Thirty-six officials and members of the National Association of Master Plumbers and officials of state organizations in Illinois, Wisconsin, Michigan, Minnesota, Missouri, Nebraska and Iowa were indicted by the federal grand jury here. The indictments charge conspiracy in restraint of trade in violation of the Sherman anti-trust law.

It is specifically alleged that the National Association of Master Plumbers has been operating in violation of law ever since their organization in 1884.

Those indicted include: W. J. Hilliard of Elmhurst, Ill.; Frank U. Patterson of Springfield, Ill.; and E. D. Hornbrook, directors of the national association; Joseph Bixby of Omaha, national state vice president; George Wentz of Lincoln, Neb., national state vice president, and J. B. Coningham of Omaha, secretary state association. Officials residing in Iowa among the indicted are: Robert Knauer of Des Moines, state vice president; James A. Wallace of Des Moines, Charles G. Bosch of Burlington, director national association; R. E. Knauer of Boone, organizer Iowa association; Fred Kubas of Cedar Rapids, Louis Smid of Cedar Rapids, Ambrose Clayton of Davenport, Richard Mullen of Dubuque, H. B. McGarten of Dubuque, former president Iowa association, J. O. McConnell of Iowa City, E. F. Hawk and W. C. McGarten of Marshalltown, John Garvey and Thomas J. Daley of Mason City, William Scott of Oelwein, national state vice president; Hugo W. Kuyper of Pella, J. V. Logan and John F. Gearson of Sioux City, Ralph A. Ellis of Waterloo, former director national association; John R. King of Keokuk, former president Iowa association.

Judge Smith McPherson ordered that warrants for the arrest of the indicted men be issued. These will be served as rapidly as possible.

### Attempt at Monopoly Alleged.

The indictment is in blanket form and among other things recites that "the object of the national, state and local Master Plumbers' associations has been to secure to the members all of the business of the United States growing out of the furnishing and installing of plumbing supplies and this to the absolute exclusion of all others engaging in or endeavoring to carry on such business."

The basis for the monopoly of the plumbing business charged by the government was what is known as the "Baltimore resolution," adopted at the national convention of master plumbers in 1884, according to B. F. Welty, special assistant to the attorney general, who has been assisting Claude R. Porter, district attorney, in the investigation before the grand jury.

This resolution provided an agreement between members of the plumbers' association and supply house men to confine sales to persons legitimately engaged in business, or master plumbers. Another resolution adopted at New Orleans in 1903, Mr. Welty said, defined a master plumber as a member of the association.

Only the middle west is represented in the present investigation, but it is the plan to extend the inquiry to all parts of the country.

### TWO OFFICERS DROWNED

Big Seaplane Plunges Into Ocean During Maneuvers at Portsmouth.

Portsmouth, Eng., June 5.—Commander Rice and Lieutenant Thomas S. Creswell were drowned when a seaplane, in which they were making a flight over Southampton water, suddenly plunged into the sea. The seaplane was engaged, with several other aircraft, in maneuvering.

A torpedo boat rushed to the spot and recovered Creswell's body, which was strapped to the seat, but the body of Commander Rice was not found.

The seaplane was one of the largest in the naval service and was of the latest model. It had a wing span of sixty-three feet, carried a 200 horsepower engine and was equipped with wireless. The condition of the machine indicated that the accident was due to an explosion, attributed to the ignition of escaping petrol fumes by a spark from the wireless apparatus.

## PRESIDENT IS ORATOR OF DAY

Speaks at Dedication of Monument to Confederate Dead.

### CROWDS GATHER IN THE RAIN

Flags of the Old South and the Stars and Stripes Are Draped Over Shaft and Speakers' Stand at Arlington National Cemetery.

Washington, June 5.—A terrific thunderstorm broke over Arlington National cemetery while President Wilson was addressing a crowd gathered for the unveiling of the monument erected there to the Confederate dead.

Mrs. Daisy McLaurin Stevens, president general of the United Daughters of the Confederacy, made the address presenting the monument to the president on behalf of the women of the confederacy. Tumultuous applause greeted her when she said:

"Yours, Mr. President, was Jefferson's spirit when at Mobile you said the United States had no interest in Mexico, or any other foreign lands, except to see that the citizens enjoyed the right to the purposes of happiness under a constitutional and just government."

The president acknowledged the tribute with smiling approval.

President Wilson was introduced and was given an enthusiastic reception. He said:

President Wilson Talks.  
"I assure you that I am profoundly aware of the solemn significance of the thing that has now taken place. The Daughters of the Confederacy have presented a memorial of their debt to the government of the United States. I hope that you have noted the history of the conception of this idea. It was proposed by a president of the United States, who had himself been a distinguished officer in the Union army. It was authorized by an act of congress of the United States. The cornerstone of the monument was laid by a president of the United States, elevated to his position by the votes of the party which had chiefly prided itself upon sustaining the war for the union. And now it has fallen to my lot to accept in the name of the great government, which I am privileged for the time to represent, this emblem of a reunited people."

### Chapter in History Closed.

"This chapter in the history of the United States is now closed and I can bid you turn with me your faces to the future, quickened by the memories of the past, but with nothing to do with the contests of the past, knowing as we have shed our blood upon opposite sides, we now face and admire one another."

"The generosity of our judgment was made up soon after this great struggle was over, when men came and sat together again in the congress and united in all the efforts of peace and of government; and our solemn duty is to see that each one of us is in his own consciousness and in his own conduct, a replica of this great reunited people. It is our duty and our privilege to be like the country we represent, and speaking no word of malice, no word of criticism even, standing shoulder to shoulder to lift the burdens of mankind in the future and show the paths of freedom to all the world."

The dominant figure of the monument is a woman of heroic size, typifying the south in policy, surmounting a relief upon which there are thirty-two figures depicting the heroism of the south in war. It was dedicated to all heroes of the confederacy. Flags of the confederacy and the Stars and Stripes were draped together over the monument and decorated the speakers' stand.

### MORTON'S LIFE AROUSED

Accused of Attacking Reporter and Wrecking Automobile.

Chicago, June 5.—Mark Morton, his life aroused by the publicity given a prankish trip of his daughter, Helen, to Virginia, was accused of attacking a newspaper reporter, binding his hands and then wrecking an automobile, containing his prisoner, against a fence post.

The reporter declared that he would sue the millionaire for damages, and also lodge a charge of assault against him. The attack is said to have been caused by an attempt to gain an interview, in which Mr. Morton charged the reporter with trespass.

After her trip to Virginia Miss Helen Morton was quoted as saying that Chicago men were "nit wits" and that she fled, not to be married, but to associate for a time with real men and enjoy herself in her favorite pastime—the training and riding of horses. She returned to Chicago this week "under an armistice," she said.

McGovern and Morris in Race.  
Madison, Wis., June 5.—Governor Francis E. McGovern made formal announcement of his candidacy for the Republican nomination for United States senator. The other candidate for the nomination is Thomas Morris of LaCrosse, lieutenant governor. Both are running as Progressives, but Morris belongs to the La Follette branch of the Progressive party, while McGovern belongs to the Roosevelt side.

### Muncie Dry Vote Declared Valid.

Muncie, Ind., June 5.—Muncie, a city of close to 30,000 population, will be without saloons after tomorrow, according to the ruling of Judge Ellis in the Delaware circuit court, in which he upheld the validity of the option election held here March 9 last, when the city voted dry by a majority of 462. Under the ruling, the twenty-nine saloons of the city will remain closed for two years, unless the wets are successful in their appeal to the supreme court.

## That First Dollar

Many people do not realize the significance of small beginnings. The first dollar must be saved or there will never be a fortune. Saving Money is simply a process of GROWTH. If you form the habit, an independent fortune will grow out of your small beginnings just as sure as the giant tree grows from the sapling. Everybody can save a little at a time. Financial success is simply a matter of sticking to your saving plan—making your character stronger than any temptation to spend. Open a Savings Account TOMORROW—you will never regret it.
